About AUS

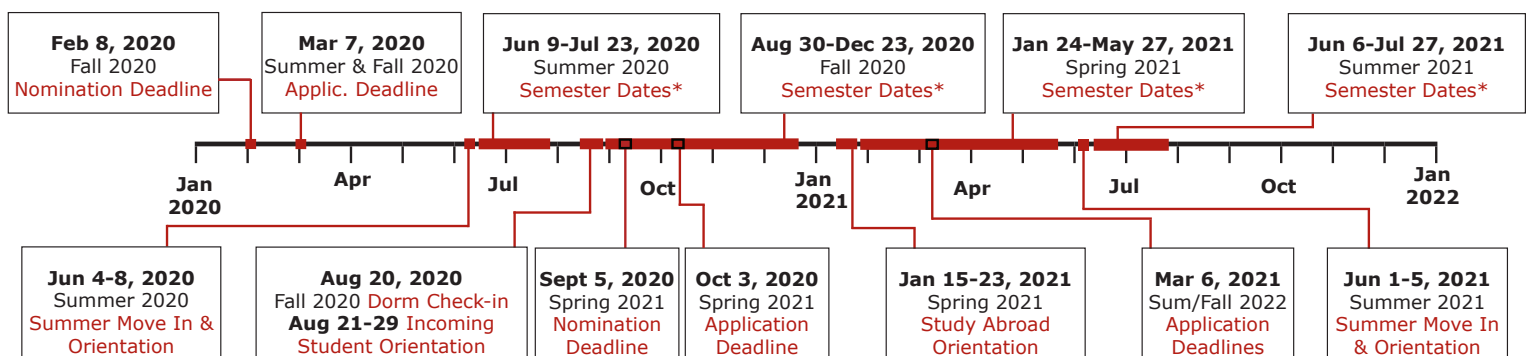

American University of Sharjah (AUS) is a comprehensive, independent, non-profit, coeducational institution of higher education that fosters excellence in teaching, learning, and research. Based on an American model of higher education and grounded in the culture of the Gulf region, AUS fosters a community that embraces cultural diversity and whose members are committed to the ideals of open intellectual inquiry, ethical behavior, and social and civic responsibility. An engaged, productive and effective member of society, AUS educates lifelong learners, who display mastery in the core competencies of their areas of specialization, and who communicate clearly, think critically and solve problems creatively. From its inception, AUS was envisioned as a place that would “feel” like an American campus.

While Arabic is the official language of the United Arab Emirates, the language of instruction at AUS is English. All classes and administrative functions are conducted in English.

AUS is an extremely diverse community of faculty, staff and students. For instance, 83% of our 5,000+ students hold citizenship outside the UAE, from around 100 countries throughout the Arabic/Islamic region and beyond. Studying abroad at AUS allows you to pursue your educational program at a top quality, US-accredited institution, while exposing you to a truly internationalized community in a rapidly growing, exciting part of the world.

Our campus offers the full range of amenities, including a post-office, bank, grocery and convenience stores, cafés, a travel office, health clinic, pharmacy, hair dresser, bookstore, etc.
